

# Material Girls Quilt Guild

Coffeyville, KS

## August Newsletter

No regular newsletter this month. Thanks to First Southern Baptist Church (and everyone else) for donating their building, time and resources to the flood victims of Coffeyville.

For anyone wishing to donate school supplies, please bring them to the August meeting. They will be taken to the Red Cross for children in need.

### OLD – Block of the Month News:

Dora Morris wants the Block of the Month tops together by the September Meeting. Bring your top to the August or September meeting for Show & Tell. During the September meeting everyone who has completed the top will put their name in a hat for a prize drawing.

### NEW -- Block of the Month News:

This year's BOM will be a collection of 12 traditional 12" finished blocks. It is time to select the fabrics you wish to use; reproductions (civil war or thirties), brights, Kansas troubles or other lines will work very well. A collection of darks, dark mediums, mediums and lights will be needed. If you plan on using the same fabric as the background for all of your blocks, you will need at least 1½ yards. I will be absent at the August meeting, but will send the directions and samples for the first block. At the September meeting, I will have block two and samples of settings so that you can be thinking how you would like your finished quilt to look and begin to collect fabrics for the setting of your choice. Mary Ann Robker 336-3531

If you know anyone that doesn't receive this by email, please call and pass the word on to them. It will be a great help.

See everyone at the August meeting.

Linda McFall
